GEOLOGICAL SURVEY

For all salaries and expenses necessary for the work of the Geological Survey, including personal services in the District of Columbia; purchase (not to exceed thirty), hire, maintenance, repair, and operation of motor-propelled and horse-drawn passenger-carrying vehicles and the purchase (not to exceed one), hire, maintenance, and operation of aircraft for field use; and exchange of unserviceable and worn-out passenger-carrying and freight-carrying vehicles as part payment for new freight-carrying vehicles; and purchase (not to exceed \$10,000) of office furniture and equipment for use in the District of Columbia

General expenses.

in addition to that which may be purchased from the appropriation for contingent expenses of the Department; as follows:

Salaries and expenses: For personal services in the District of Columbia, and other expenses, \$208,160;

Topographic surveys.
Post, p. 648.

Topographic surveys: For topographic surveys in the United States, Alaska, the Virgin Islands, and Puerto Rico, \$2,146,560, of which not to exceed \$356,000 may be expended for personal services in the District of Columbia: *Provided*, That no part of this appropriation shall be expended in cooperation with States or municipalities except upon the basis of the State or municipality bearing all of the expense incident thereto in excess of such an amount as is necessary for the Geological Survey to perform its share of standard topographic surveys, such share of the Geological Survey in no case exceeding 50 per centum of the cost of the survey: *Provided further*, That \$263,000 of this amount shall be available only for such cooperation with States or municipalities;

Cooperation with States, etc.

Amount available.

Post, p. 648.

Geologic surveys: For geologic surveys in the United States and chemical and physical researches relative thereto, \$1,187,500, of which not to exceed \$466,000 may be expended for personal services in the District of Columbia;

Strategic and critical minerals.

Strategic and critical minerals (national defense): For scientific and economic investigations of strategic and critical minerals in the United States or its Territories or insular possessions, \$325,000, of which not to exceed \$80,000 may be expended for personal services in the District of Columbia;

Mineral resources of Alaska: For investigation of the mineral resources of Alaska, \$157,500, to be available immediately, of which not to exceed \$60,000 may be expended for personal services in the District of Columbia;

Gaging streams.
Post, p. 648.

Gaging streams: For gaging streams and determining the water supply of the United States, investigating underground currents and artesian wells and methods of utilizing the water resources, \$1,795,800, of which not to exceed \$10,000 may be expended for acquiring lands at gaging stations, and not to exceed \$200,000 may be expended for personal services in the District of Columbia: *Provided*, That no part of this appropriation shall be expended in cooperation with States or municipalities except upon the basis of the State or municipality bearing all of the expense incident thereto in excess of such an amount as is necessary for the Geological Survey to perform its share of general water resource investigations, such share of the Geological Survey in no case exceeding 50 per centum of the cost of the investigation: *Provided further*, That \$1,300,000 of this amount shall be available only for such cooperation with States or municipalities;

Cooperation with States.

Enforcement of Federal Explosives Act: For all necessary expenses of the Bureau of Mines in performing the duties imposed upon it by the Federal Explosives Act, including not to exceed \$16,000 for personal services in the District of Columbia; newspapers; not to exceed \$500 for printing and binding; contract stenographic reporting services; supplies and equipment; traveling expenses; maintenance, repair, and operation of passenger-carrying automobiles; purchase of special wearing apparel or equipment for the protection of employees while engaged in their work; purchase in the District of Columbia and elsewhere of other items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior"; \$100,000: *Provided*, That the Secretary, through the Director of the Bureau of Mines, is hereby authorized to carry out projects hereunder in cooperation with other departments or agencies of the Federal Government, the District of Columbia, States, Territories, insular possessions, with other organizations or individuals, and with foreign countries and the political subdivisions thereof.

Recommendations
to Government agen-
cies.

Testing fuel: To conduct inquiries and scientific and technologic investigations concerning the mining, preparation, treatment, and use of mineral fuels, and for investigation of mineral fuels belonging to or for the use of the United States, with a view to their most efficient utilization; to recommend to various departments such changes in selection and use of fuel as may result in greater economy, and, upon request of the Director of the Bureau of the Budget, to investigate the fuel-burning equipment in use by or proposed for any of the departments, establishments, or institutions of the United States in the District of Columbia; and special wearing apparel and equipment for protection of employees while employed; \$320,000, of which not to exceed \$83,750 may be expended for personal services in the District of Columbia.

Anthracite investi-
gations.

Ante, p. 319.

Anthracite investigations: For all expenses necessary to conduct inquiries and scientific and technologic investigations concerning the mining, preparation, treatment, and use of anthracite coals; including purchase of special wearing apparel and equipment for the protection of employees while engaged in their work; and other items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior"; operation, maintenance, and repair of passenger-carrying automobiles; and not to exceed \$6,500 for personal services in the District of Columbia, \$66,000.

Synthetic liquid
fuels.
41 U. S. C. § 5.

Synthetic liquid fuels: For all expenses, without regard to section 3709, Revised Statutes, necessary to carry into effect the Act authorizing the construction and operation of demonstration plants to produce synthetic liquid fuels from coal, oil shales, agricultural and forestry products, and so forth, approved April 5, 1944 (Public, Numbered 290), including construction and acquirement of camp and laboratory buildings and equipment, personal services in the District of Columbia (not exceeding \$90,000); not to exceed \$50,000 for temporary employment of engineers, architects, or firms or corporations thereof, by contract or otherwise, without regard to civil-service

and classification laws; purchase of special wearing apparel or equipment for the protection of employees while engaged in their work; purchase (not exceeding five), maintenance, and operation of passenger-carrying automobiles; printing and binding; and purchase in the District of Columbia and elsewhere of items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior", \$7,000,000, to remain available until expended: *Provided*, That these funds may be utilized to provide transportation between the proposed plants and related facilities and communities that provide adequate living accommodations of persons engaged in the operation and maintenance of these plants; and for transportation to and from schools of pupils who are dependents of such persons, which transportation shall be by methods which the Office of Defense Transportation shall find to be most advantageous and efficient: *Provided further*, That pursuant to agreements approved by the Secretary and the Office of Defense Transportation, the transportation equipment available to the Bureau of Mines may be pooled with that of school districts and other local or Federal agencies for use in transporting persons engaged in operation and maintenance of these plants, pupils who are dependents of such persons, and other pupils, and in the interest of economy the expenses of operating such equipment may be shared: *Provided further*, That, in addition to the amount herein appropriated, the Secretary of the Interior is hereby authorized to enter into contracts for additional work not exceeding a total of \$15,000,000 during the period covered by the aforesaid Act, and his action in so doing shall be deemed a contractual obligation of the Federal Government for the payment of the cost thereof and appropriations hereafter made for the construction and operation of demonstration plants to produce synthetic liquid fuels shall be considered available for the purpose of discharging the obligations so created.

Mineral mining investigations: For scientific and technologic investigations concerning the mining, preparation, treatment, and utilization of ores and mineral substances, other than fuels, with a view to improving health conditions and increasing safety, efficiency, and economy in the mining, quarrying, metallurgical, and other mineral industries; including all equipment, supplies, expenses of travel, operation, maintenance, and repair of motor-propelled passenger-carrying vehicles, and not to exceed \$30,000 for personal services in the District of Columbia, \$382,700: *Provided*, That no part of this appropriation may be expended for an investigation in behalf of any private party.

Oil and gas investigations: For inquiries and investigations and dissemination of information concerning the mining, preparation, treatment, and utilization of petroleum and natural gas, and for every other expense incident thereto, including supplies, equipment, newspapers, expenses of travel, purchase, not to exceed one, maintenance, operation, and repair of motor-propelled passenger-carrying vehicles, purchase of laboratory gloves, goggles, rubber boots, and aprons, \$579,000, of which not to exceed \$45,000 may be expended for personal services in the District of Columbia.

Mining experiment stations: For personal services, purchase of laboratory gloves, goggles, rubber boots, and aprons, maintenance, operation, and repair of motor-propelled passenger-carrying vehicles, and all other expenses in connection with the establishment, maintenance, and operation of mining experiment stations, as provided in the Act of March 3, 1915 (30 U. S. C. 8), \$962,200, of which not to exceed \$23,000 may be expended for personal services in the District of Columbia.

Buildings and grounds, Pittsburgh and Bruceton, Pa.

Buildings and grounds, Pittsburgh, Pennsylvania: For care and maintenance of buildings and grounds at Pittsburgh and Bruceton, Pennsylvania, including personal services, the purchase of one and operation, maintenance, and repair of passenger automobiles, and all other expenses requisite for and incident thereto, including not to exceed \$10,000 for additions and improvements, \$143,450.

Economics of mineral industries: For investigations, and the dissemination of information concerning the economic problems of the mining, quarrying, metallurgical, and other mineral industries, with a view to assuring ample supplies and efficient distribution of the mineral products of the mines and quarries, including studies and reports relating to uses, reserves, production, distribution, stocks, consumption, prices, and marketing of mineral commodities and primary products thereof; preparation of the reports of the mineral resources of the United States, including special statistical inquiries; purchase of furniture and equipment; stationery and supplies; newspapers; traveling expenses; operation, maintenance, and repair of motor-propelled passenger-carrying vehicles; and for all other necessary expenses not included in the foregoing, \$515,000, of which not to exceed \$397,500 may be expended for personal services in the District of Columbia.

Steel production.
Investigation of raw material resources.
41 U. S. C. § 5.

Investigation of raw-material resources for steel production (national defense): For all expenses, without regard to section 3709, Revised Statutes, necessary to enable the Bureau of Mines to develop individual deposits of minerals useful in the steel industry the existence of which is known, and concerning which preliminary geological or other reports are available from State mineral agencies, previous investigations of the Bureau of Mines, or other sources; to conduct geophysical surveys, surface and subsurface exploration on such deposits; to conduct laboratory, pilot plant, and demonstration-plant tests to establish methods for utilizing more fully the products of such deposits; including the purchase or lease of land or buildings; mineralogical explorations for and development of sources of ferrous, nonferrous, or nonmetallic minerals useful in alloying or coating by plating or otherwise of iron and steel to reduce or eliminate corrosion, and the research and development of commercial processes therefor; construction of buildings to house laboratories, pilot plants, or demonstration plants; procurement of necessary materials, ores, and equipment; travel expenses; operation, maintenance, and repair of passenger-carrying automobiles; not to exceed \$75,000 for temporary employment of engineers, architects, or firms or corporations thereof, by contract or otherwise, without regard to civil-service and classification laws, necessary to carry out the provisions of this appropriation; printing and binding; purchase in the District of Columbia or elsewhere of furniture and equipment, and purchase of special wearing apparel or equipment for the protection of employees while engaged in their work; purchase in the district of Columbia and elsewhere of other items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior"; and not to exceed \$40,000 for personal services in the District of Columbia, \$1,250,000: *Provided*, That the Secretary, acting through the Director of the Bureau of Mines, is hereby authorized to accept buildings, equipment, and other contributions from public or private sources and to carry out the projects in cooperation with other agencies, Federal, State, or private.

Transfer of funds.
Post, p. 393.

Helium production and investigations: The sums made available for the fiscal year 1946 in the Acts making appropriations for the War and Navy Departments for the acquisition of helium from the Bureau of Mines shall be transferred to the Bureau of Mines on July 1,

1945, for operation and maintenance of the plants for the production of helium for military and naval purposes, including laboratory gloves, goggles, rubber boots, and aprons; purchase, not to exceed three, maintenance, operation, and repair of motor-propelled passenger-carrying vehicles, books of reference and periodicals; the purchase in the District of Columbia and elsewhere of items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior" (not exceeding \$5,000); and all other necessary expenses, and including \$42,000 for personal services in the District of Columbia in addition to which sums the Bureau of Mines may use for helium-plant operations in the fiscal year 1946 the unobligated balance of funds transferred to it for such operations, in the fiscal year 1945: *Provided*, That section 3709, Revised Statutes, shall not be construed to apply to this appropriation, or to the appropriation for development and operation of helium properties (special fund) in section 3 (c) of the Act of September 1, 1937 (50 U. S. C. 164): *Provided further*, That funds available for the production of helium and the development of helium properties may be utilized to provide transportation between helium plants and related facilities and communities that provide adequate living accommodations of persons engaged in the operation and maintenance of helium plants; and for transportation to and from schools of pupils who are dependents of such persons which transportation shall be by methods which the Office of Defense Transportation shall find to be most advantageous and efficient: *Provided further*, That pursuant to agreements approved by the Secretary and the Office of Defense Transportation, the transportation equipment available to the Bureau of Mines may be pooled with that of school districts and other local or Federal agencies for use in transporting persons engaged in operation and maintenance of helium plants, pupils who are dependents of such persons, and other pupils, and in the interest of economy the expenses of operating such equipment may be shared.

During the fiscal year 1946 the head of any department or independent establishment of the Government having funds available for scientific investigations within the scope of the functions of the Bureau of Mines may, with the approval of the Secretary, transfer to the Bureau such sums as may be necessary therefor, which sums so transferred may be expended for the same objects and in the same manner as sums appropriated herein may be expended.

The Federal Security Administrator may detail medical officers of the Public Health Service for cooperative health, safety, or sanitation work with the Bureau of Mines, and the compensation and expenses of the officers so detailed may be paid from the applicable appropriations made herein for the Bureau of Mines.

The Bureau of Mines is hereby authorized, during the fiscal year 1946, to sell directly or through any Government agency, including corporations, any metal or mineral product that may be manufactured in pilot plants operated from funds appropriated to the Bureau of Mines, and the proceeds of such sales shall be covered into the Treasury as miscellaneous receipts.

The following appropriations herein made to the Bureau of Mines shall be available for the hire, maintenance, and operation of aircraft: "Operating rescue cars and stations and investigation of accidents"; "Investigation of raw-material resources for steel production (national defense)"; and "Investigations of deposits of critical and essential minerals in the United States and its possessions (national defense)".
